DEDICATION

Friends depart, and memory takes them
To their caverns, pure and deep.

T.H. Bayly

This yearbook is dedicated to the Lincoln-Sudbury Regional High School Senior Class of 1976. As this book ages with time, so will its memories and its people, perhaps someday we can reminisce through its pages and smile at the thought of things past.

L. Plotkin

I will make you always remember this place, this day, and me.

Terence.

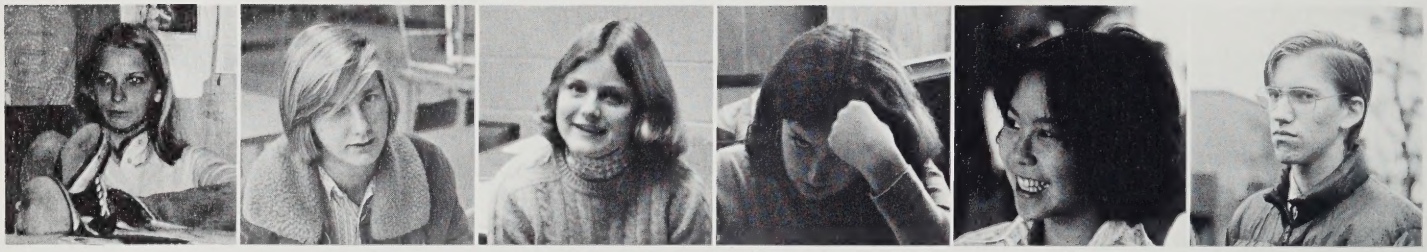
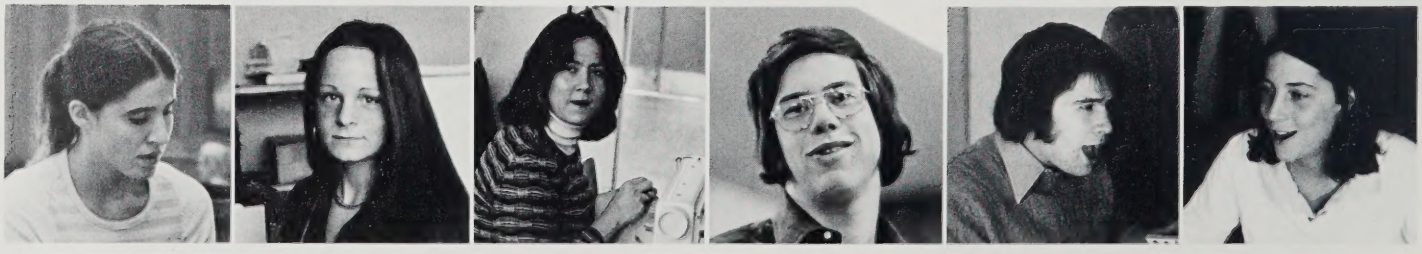
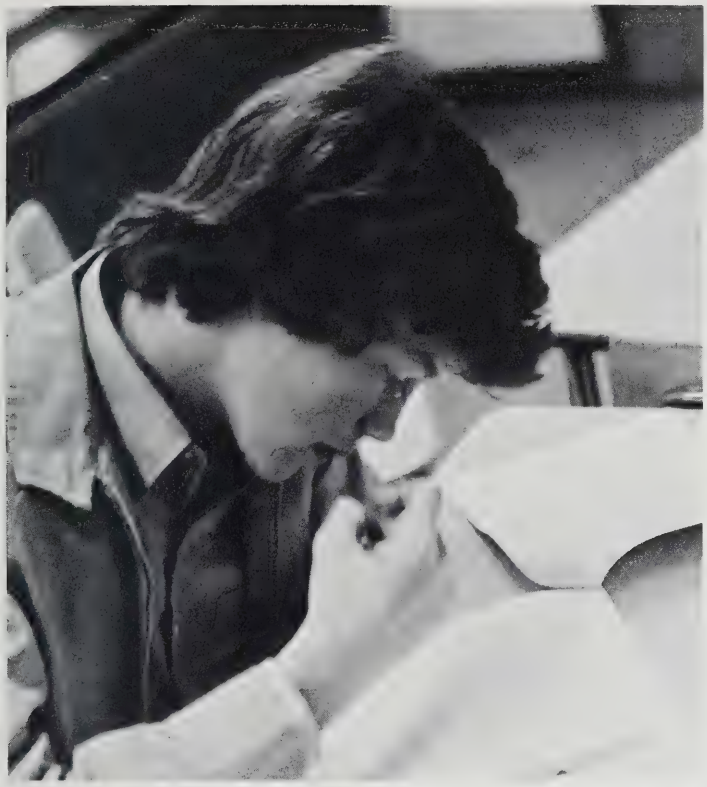
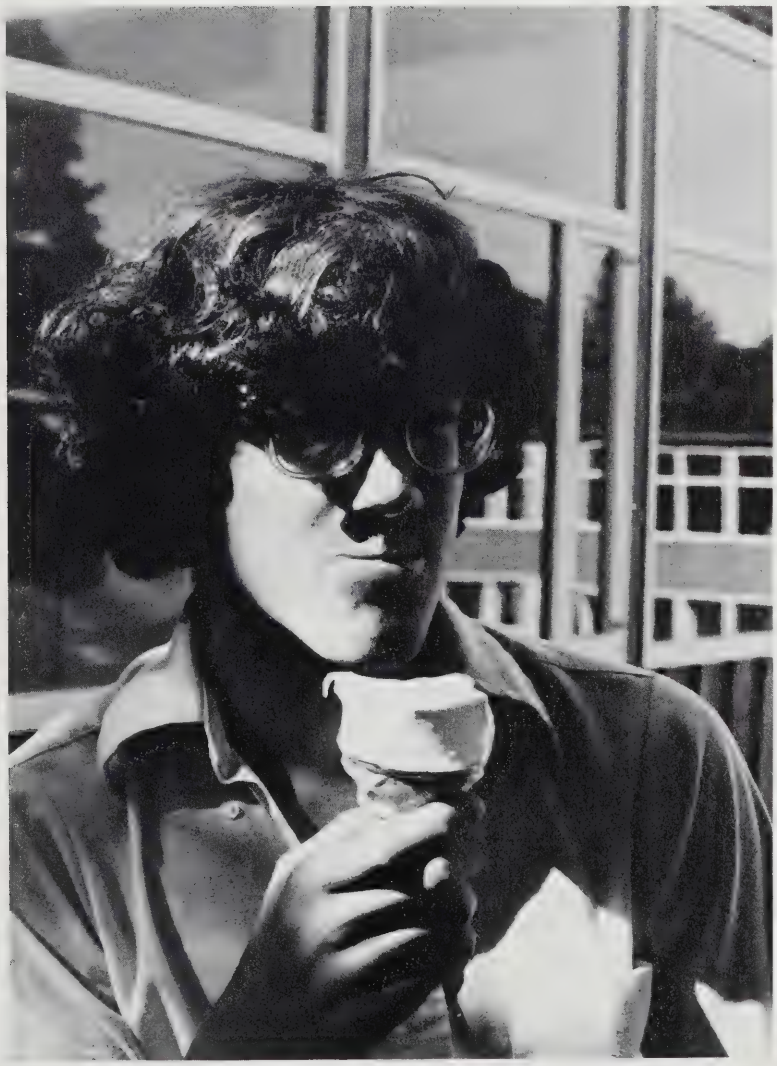
salutes the face.

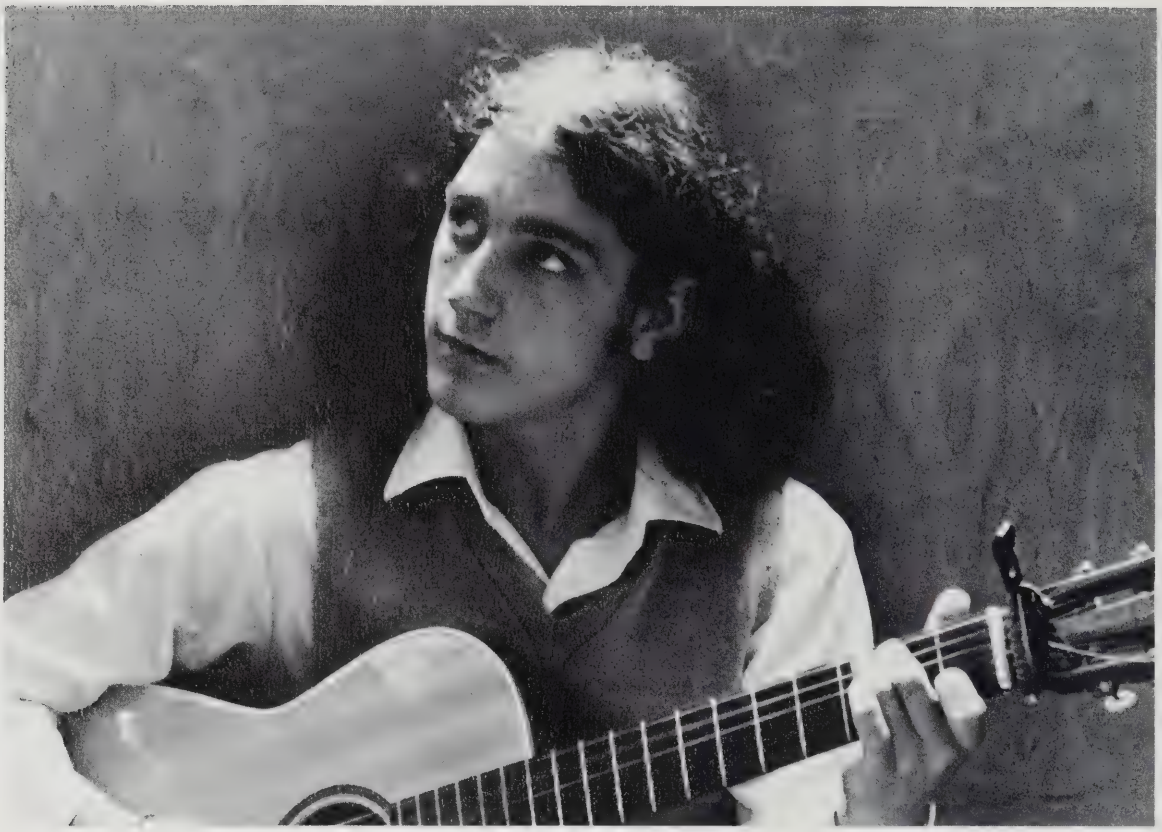


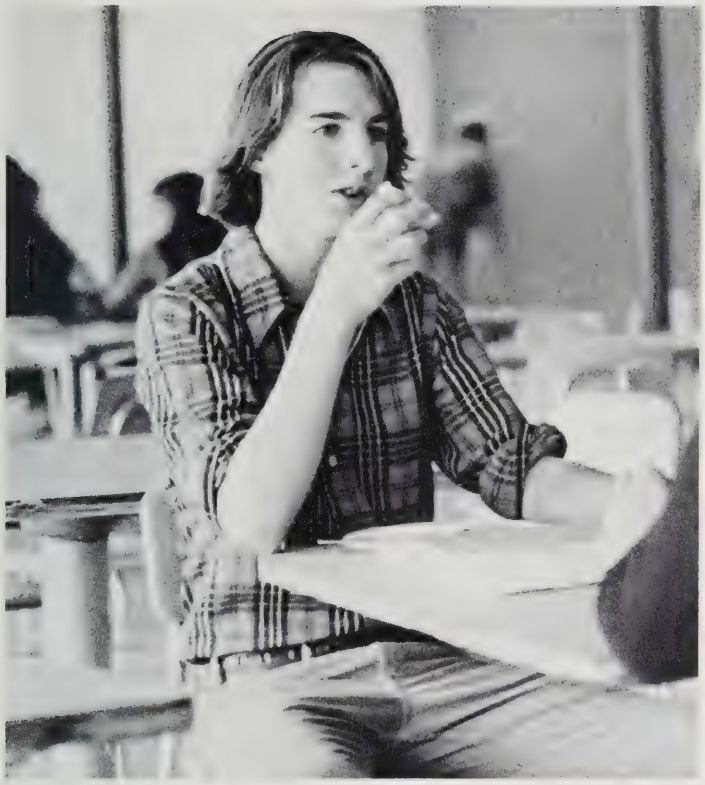


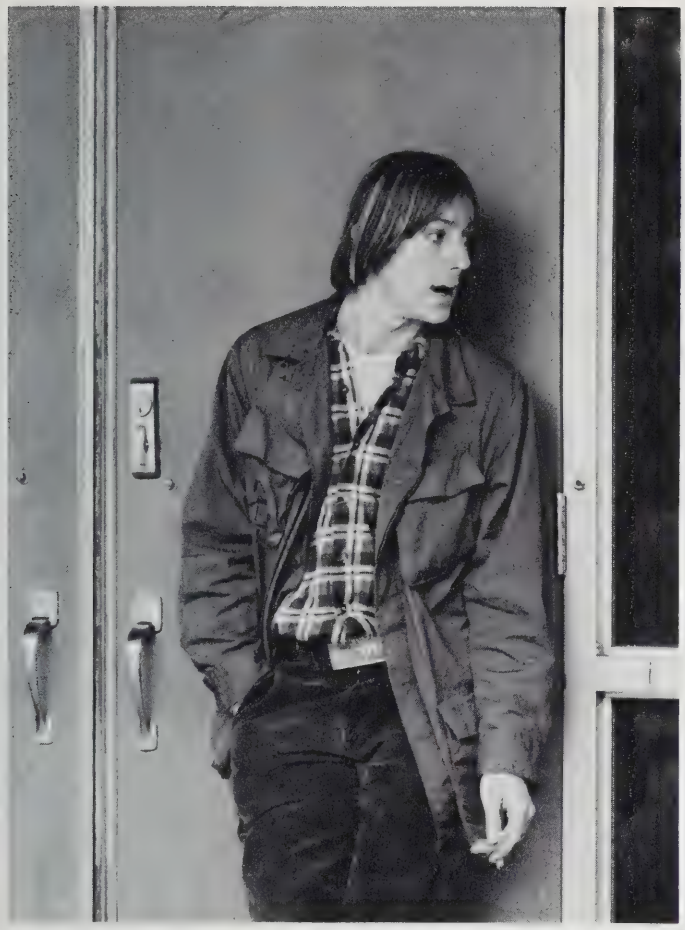
UNDERCLASSMEN



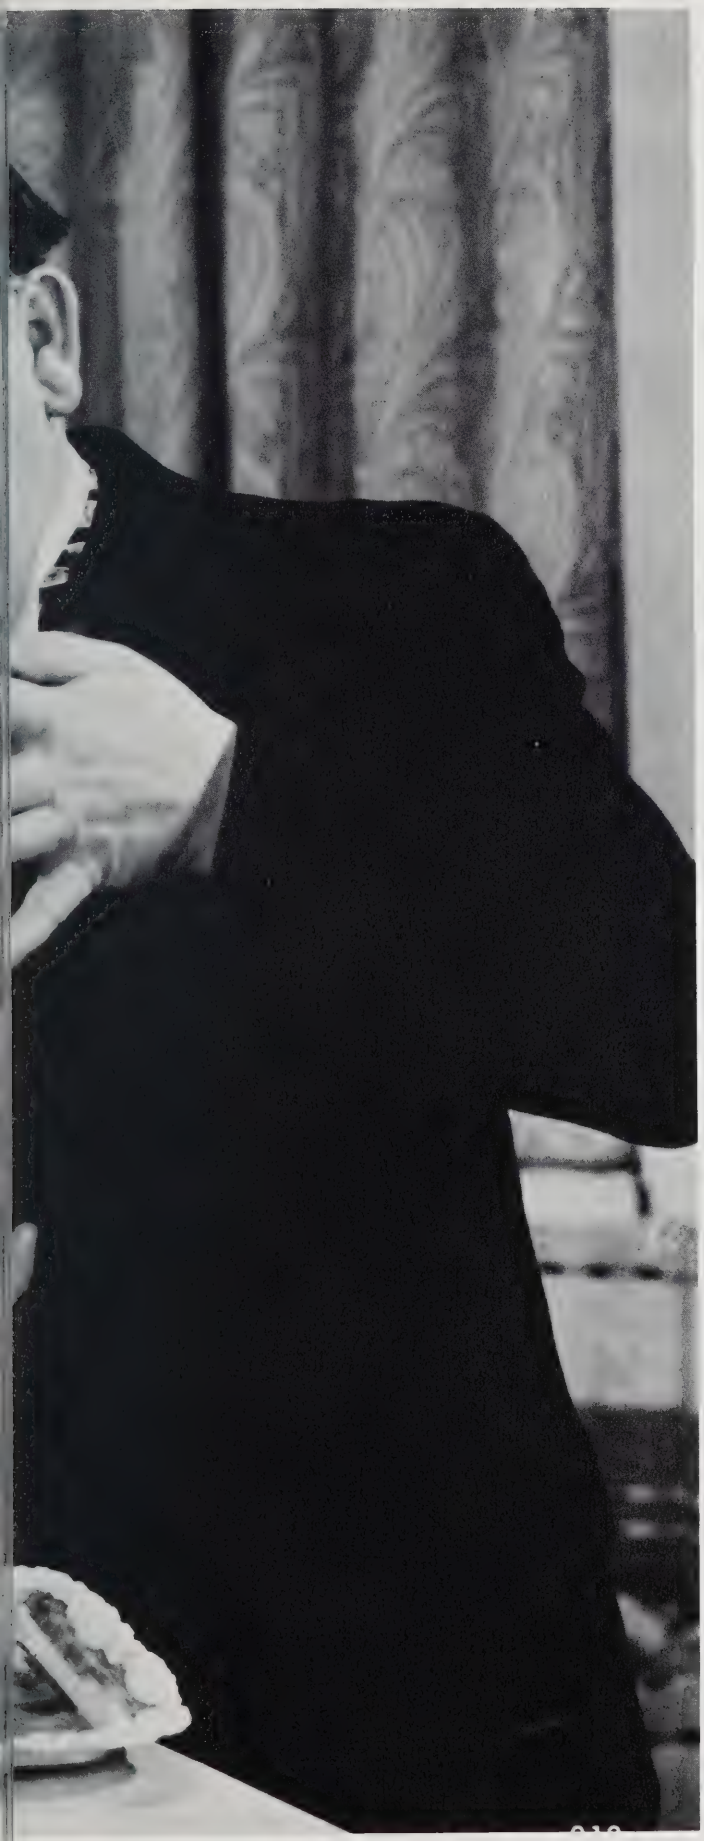








RASTA



SENIORS

JOHN "HERBIE" VARRIALE

Herbie was a boy of many outstanding qualities. His sense of humor was one that attracted many people to him. He had great enthusiasm and worked diligently for what appealed to him.

Herbie valued enjoyment very highly, and for this we will always remember him . . .

. . . "John, we hardly knew ye."

A pollution-free, resource-conserving answer to the Earth's energy problems by the year 2000? Raytheon, together with three other companies, is currently at work on one solution that would use an inexhaustible energy source — the sun.

With satellite power stations, the sun could literally become an electrical powerhouse for the Earth. Such stations, more than 22,000 miles in space, would gather solar energy, convert it first to electricity and then to microwave energy for transmission to Earth.

Satellite solar power — not just a designer's dream. It may well be a reality by your 25th reunion.

RAYTHEON

Congratulations to Lincoln-Sudbury Regional High School class of 1976.
